Access Tax
Release Update 2024.9

Released Sep 2024.

Changes

- **Access Tax is undergoing a UX transformation to enhance the colour palette and overall user experience. The first noticeable change will be the login screens, which will have a fresh new look. Over the next few months, we will continue to roll out additional updates to further improve your experience with Access Tax.**

- **Added functionality to apply Substituted Accounting Periods to Company Tax returns (CTR).**

- **Self-managed superannuation fund returns have been updated at Item 13 Calculation Statement to correctly reflect a payable or refundable amount.**

- **The Practice Settings section of Integration has been enhanced with an additional choice of Access Data Engine option introduced.**

Minor Defects

- **Resolved an issue when applying filters on the client list may have resulted that some of results were incorrect.**

- **Resolved the issue where income not transferring to spouse tax return where FHSS income was populated.**

Security

- **Continuous security & performance updates have been applied.**
