# Release (Hotfix) Summary

Access UBS Payroll v2024.4

This release is a hotfix for the issue that the HRDF Levy imposes a double fixed allowance amount when the allowance is set to be eligible for HRDF and resolves the error on HRDF reports when there's any deduction set to be eligible for HRDF.

Important Note:

- You might need to disable your Anti-virus before you install the new update as some Anti-virus can interfere and prevent a successful installation.

The following major features are included in this release, please select the appropriate links if you would like more details on the features. The features are grouped by Product/Area to help you find the information you need easily.
